

HARVEST INGATHERING EXERCISE

Good day Brethren:

It is that time of year again. Time to reach out – to include our community in helping us to help others. We call this Harvest Ingathering. This year, as we experience a global pandemic, we realize that many more persons are in need of help, so we need more.

As is our annual custom, we do these collections in Sabbath School Units. Each unit and consequently, each individual, has a target – a minimum to achieve.

Now, even more than ever, let us pray for guidance as we carry out this mandate of stewardship in the Lord’s vineyard - until He comes.

Please see below, targets for each Sabbath School:
